

Course Outline

خطة الدورة التدريبية

Verifying AI Output and Reviewing It Professionally

AI and accounting > Governance and the profession

Duration

12 hours

Topics

6

Track

Governance and the profession

Certificate

Certified completion certificate with serial number and QR verification

About the course

Ways to test what AI tools produce and catch their errors before relying on it.

Course topics and hours

#	Topic	Hours
1	The kinds of errors AI tools make	2 hours
2	Verifying numbers and references	2 hours
3	Recalculating and reconciling	2 hours
4	Documenting the review	2 hours
5	When not to rely on the tool	2 hours
6	Testing an AI-built accounting program with sample data of known results before putting it into use	2 hours
Total		12 hours

What you gain

You can review what the tools produce professionally before putting your name to it.

How we teach

- ✓ Clear explanations that start from the basics
- ✓ Examples from real Egyptian and Arab businesses
- ✓ Hands-on practice and exercises after every topic
- ✓ Follow-up and assessment until completion

The complete course handbook

An illustrated handbook that explains every topic step by step, with worked examples, tables, diagrams and exercises, in Arabic and English. Available to trainees once their registration is accepted and their enrolment confirmed.
